

Registration and Certification Policy

Aim:

- To register individual learners to the correct programme within agreed timescales.
- To claim valid learner certificates within agreed timescales.
- To construct a secure, accurate and accessible audit trail to ensure that individual learner registration and certification claims can be tracked to the certificate which is issued for each learner.

In order to do this, the centre will:

- register each learner within the awarding body requirements
- provide a mechanism for programme leader to check the accuracy of learner registrations
- make each learner aware of their registration status
- inform the awarding body of withdrawals, transfers or changes to learner details
- ensure that certificate claims are timely and based solely on internally verified assessment records
- audit certificate claims made to the awarding body
- audit the certificates received from the awarding body to ensure accuracy and completeness
- keep all records safely and securely for three years post certification.
